Journal of Volcanology and Geothermal Research, 54 (1993) 357–358
Elsevier Science Publishers B.V., Amsterdam

Contents Volume 54, 1992/1993

Research Papers

Slab-derived fluids and partial melting in subduction zones: insights from two contrasting Mexican volcanoes (Colima and Ceboruco)
J.F. Luhr (Washington, D.C., USA) 1

A laboratory analog study of the surface morphology of lava flows extruded from point and line sources
J.H. Fink (Tempe, AZ, USA) and R.W. Griffiths (Canberra, A.C.T., Australia) 19

Structures within large volume rhyolite lava flows of the Devonian Comerong Volcanics, southeastern Australia, and the Pleistocene Ngongotaha lava dome, New Zealand
K.A. Dadd (Sydney, N.S.W., Australia) 33

Recent hydrothermal explosion craters in an old hyaloclastite flow, central Iceland
G.E. Sigvaldason (Reykjavík, Iceland) 53

Numerical simulation of some lahars from Mount St. Helens
G. Macedonio and M.T. Pareschi (Pisa, Italy) 65

Evidence of submarine hydrothermal discharge to the northwest of Guadeloupe Island (Lesser Antilles island arc)
B.G. Polyak (Moscow, Russia), Ph. Bouysse (Orléans, France), V.I. Kononov and G.Yu. Butuzova (Moscow, Russia), A. Criaud (Orléans, France), V.I. Dvorov and M.D. Khutorskoy (Moscow, Russia), V.G. Matveev (Samara, Russia), V.I. Paduchikh and E.P. Radionova (Moscow, Russia), A.A. Rot (Samara, Russia), I.N. Tolstikhin (Apatity, Russia), A.I. Voznesenskiy and V.P. Zverev (Moscow, Russia) 81

Thermal structure beneath Kuju volcano, central Kyushu, Japan
S. Ehara (Fukuoka, Japan) 107

Felsic fire-fountaining beneath Archean seas: pyroclastic deposits of the 2730 Ma Hunter Mine Group, Quebec, Canada
W. Mueller (Chicoutimi, Que., Canada) and J.D.L. White (Halifax, N.S., Canada) 117

Lateral facies variations in hydromagmatic pyroclastic deposits at Linosa, Italy
J. Lajoie (Montréal, Qué, Canada), G. Lanzafame (Catania, Italy), P.L. Rossi (Bologna, Italy) and C.A. Tranne (Catania, Italy) 135

^{238}U-^{230}Th radioactive disequilibria in historic lavas from the Canary Islands and genetic implications
O. Sigmarsson and M. Condomines (Clermont-Ferrand, France) and E. Ibarrola (Madrid, Spain) 145

Late Cenozoic volcanic evolution of the northeastern Aegean region
G. Seyitoğlu and B.C. Scott (Leicester, UK) 157

Editorial v

Research Papers

Extensive felsic lavas and rheoignimbrites in the Keweenawan Midcontinent Rift plateau volcanics, Minnesota: petrographic and field recognition
J.C. Green (Duluth, MN, USA) and T.J. Fitz III (Newark, DE, USA) 177

Textures and magmatic evolution of intermediate-composition dome complexes: Evidence from the northern Tatoosh complex, southern Washington Cascades
M.T. Murphy and B.D. Marsh (Baltimore, MD, USA) 197

The volcanic and magmatic evolution of Volcán Ollagüe, a high-K, late Quaternary stratovolcano in the Andean Central Volcanic Zone
T.C. Feeley and J.P. Davidson (Los Angeles, CA, USA) and A. Armendia (La Paz, Bolivia) 221

Large-scale rhyolite peperites (Jurassic, southern Chile)
R.E. Hanson (Fort Worth, TX, USA) and T.J. Wilson (Columbus, OH, USA) 247

The geochemistry and petrogenesis of basalts from the Taupo Volcanic Zone and Kermadec Island Arc, S.W. Pacific
J.A. Gamble (Wellington, New Zealand), I.E.M. Smith (Auckland, New Zealand), M.T. McCulloch (Canberra, ACT, Australia), I.J. Graham (Lower Hutt, New Zealand) and B.P. Kokelaar (Liverpool, UK) 265
Evolution of double diffusion convection in a felsic magma chamber
N.Sh. Bagdassarov (Bayreuth, Germany) and A.S. Fradkov (Bonn, Germany) 291
Some remarks on volcanic vent evolution during plinian eruptions
J.C. Varekamp (Middletown, CT, USA) 309
Preliminary report on the activity at Unzen Volcano (Japan), November 1990–November 1991: Dacite lava domes and pyroclastic flows
S. Nakada (Fukuoka, Japan) and T. Fujii (Tokyo, Japan) 319
Image processing of explosive activity at Stromboli
M. Ripepe, M. Rossi and G. Saccorotti (Florence, Italy) 335
On the problems of translation in the investigation of the Lake Nyos disaster
S.J. Freeth (Swansea, UK) 353
